Hi Jim-

Not sure if you are still the ADA working on this case, but I wanted to let it be known that I may not be available on 5/17/11 as I already have 2 district cases scheduled in Springfield that day as well as one in Fall River. I have informed the ADA in Springfield of my case in Fall River, and she said she would let me know if anything changes with either of her cases. If those get pled/continued/etc, there is a chance that I could possibly do both Fall River and New Bedford on the same day, but I will not know until I hear from Springfield. Likewise, if I find out on the 17<sup>th</sup> that my Springfield cases aren't going, I could then head down there, though it may be too late as you will probably have to know early in the morning whether or not I'll be available. Sorry.

Hi Sonja,

Thank you for getting back to me. At present, the case is going forward. I will ask DC if they want to stipulate but I doubt it. I will call you this afternoon to nail down our plans.

Thanks,  
Jim

Jim-

Just checking in to see what the status is of the [REDACTED] case scheduled for trial on Thursday, March 24 in New Bedford District Court. I'm guessing no pleas or stipulations, but please let me know if I am wrong. Also, if everything is still scheduled as planned, do you want me there early in the morning, or would you rather have me on call? It would probably take me 2½ to 2¾ hours to get to the courthouse once I receive the call (driving time + putting away my samples and changing into court clothes), so if you

wanted me on call I probably wouldn't be taking the stand until after the lunch break unless you called before 9:30-10:00. Thank you for letting me know what you would prefer.

Hi Jim-

I hope that you received my CV. I also have a couple questions regarding the [REDACTED] trial on 3/24/11. First, I know you gave me drug Lab numbers [REDACTED], but I noticed that the defendant listed on [REDACTED] s [REDACTED] -- is this submission also part of the case? Second, I know you said you were in Bristol County and, by looking you up in the state email system, I'm guessing that this is a district court case in New Bedford. Am I correct? If not, then where is this trial being held. Thanks in advance for your help.
